Product overview

Xperia™ tipo – Smart has never been this simple

The new Xperia™ tipo

Buy the phone. Switch on. Relax. Xperia™ tipo makes it easy to set up your Google™ and Facebook™ accounts and much more. It's easy to use too. The latest apps and music are just a click away from your home screen. Worried about data costs? Don't be. Simply switch to the other SIM card, or set the limits you want to use data to surf, chat or game online. Fancy an all-nighter? The long lasting battery gives you 24 hours of service when you're on-the go.

made to make life easy

Open the box. Switch on the phone. Enjoy the entertainment. Xperia™ tipo is so easy to use. Simply follow the guide to set up your accounts, such as Google and Facebook, and transfer contacts from your phone. Running on the latest Android platform, it makes web browsing quicker and easier too. Enjoy.

made to control your costs

Enjoy shock horror on-screen. Not on your phone bill. With two SIM cards and the data usage app, which lets you set limits on how much data you transfer, you never need to spend more than you want to.

made to keep in touch – for longer

Chat on the phone. Or have an all-night gossip using Facebook™ inside Xperia™. For longer. With the powerful battery you can charge your phone and then use it for 24 hours without having to charge it again. Long battery life means you'll never miss that important call – or funny status update again.

made to match your moods

Xperia™ tipo is a smartphone. It gives you instant access to the web and online content, and a whole host of apps, like email, Google Maps™ and Google Search™. Make your phone your own with hundreds of thousands of apps to choose from. All apps appear on the home screen, so they're easy to get to.

Music Unlimited™*. We've got what you want to hear.

Millions and millions of songs on demand from Music Unlimited™. Listen offline and with no annoying ads. Enjoy dozens of preset channels and easily sync with your own music collection. Get the most from your music with Music Unlimited™.

- Enjoy millions and millions of songs
- No ads
- Offline playback
- Preset channels

*Music Unlimited™ is a subscription service, please refer to Terms Of Service for details of fees. Music Unlimited™ is not available in every market.

Signature features

The Sony Xperia™ tipo comes with a range of features as standard. Below is a summary of the key signature features.

Xperia™ Timescape™

Communication made easy

The Timescape™ application manages all your communication with one person in one place. You can effortlessly browse by category your Facebook™ and Twitter™ communications, as well as view your photos. Now everything is all together and in chronological order, so you don't have to open different applications to see what's going on.

Xperia™ Infinite button

Everything you want – from everywhere

Tap the infinite button in the Timescape™ application and smart filter each category of communication by person. For example, when viewing a text message from a friend in Timescape™, tap the infinite button to view a list of all chat messages with that friend.

Xperia™ Local connectivity

More control over your media

Using Xperia™ Local connectivity, you can exercise more control over how media files get transferred and stored. For example, you can select MTP mode to transfer files if you want to limit the risk of data corruption or select MSC mode if you want to have more control over the data storage.

Xperia™ Home screen application

The place you call Home

Customise your Home screen with widgets, shortcuts, folders, themes, wallpaper and other items. Where's best for you? Email top right? Music player bottom left? You decide. With four extensions to your Home screen, you've got plenty of space to put things where you want. Just remember to flick left or right to find them.
